GOLDEN JUBILEE JUNE 15, 16 AND 17

Plans For Celebration in Hands of Alumnae Association

COMMITTEES NAMED

Alumnae Address to be Delivered by Mrs. Maude Roache Warren of Washington.

The Alumnae meeting, called for last evening at St. Mary's Academy, was a large and enthusiastic one. Miss Lillian Hill of Washington presided and Mrs. Rose Schroth also of Washington, was secretary. Reports from recent bazaar were read. Its success despite weather conditions was a pleasant surprise to all. The Alumnae have assumed all responsibility in the preparation for the "Golden Jubilee" exercises to be held from June 15th to 17th inclusive. They are to be the hostesses at the reception held on the evening of June 17th when the Academy doors will be thrown open to greet all friends, old pupils and well-wishers, whose cooperation and sympathy have meant so much to the Good Sisters of the Holy Cross during their 50 years of labor in this city.

Various Committees were appointed to work mapped out in detail. Mrs. Maude Roache Warren of Washington, was appointed to give the Alumnae address on "Commencement Day." Mrs. Warren was a member of St. Mary's Silver Jubilee graduation class and her daughter is a member of this years Golden Jubilee Class.

Miss Lillian Hill as president of the Association was voted as delegate to represent St. Mary's Alumnae at the I. F. C. A. Convention to be held in St. Louis, from May 30th. to June 3d

APPEAL FOR CHILDREN'S HOME

Funds Needed by Virginia Institution to Continue Work.

An appeal for aid is made by the Children's Home of Virginia, better known as the Mr. Mabee Home

It is announced by representatives of this home that there are approximately 1,000 homeless children in Virginia that need attention.

The Children's Home of Virginia is identified with the National Children's Home and the latter handles aproximately fifteen waifs daily

The recent "flu" epidemic in Virginia proved a severe drain on the resources of this home in Virginia hence the need for more funds in order to keep the institution going.

Those in charge of this institution, therfore, appeal to the generosity of the people of Virginia to aid this worthy cause—that of looking after the wants of the many homeless children in the grand old commonwealth of Virginia.

NINE MEMBERS OF COMMISSION RESIGN

Paris, May 20.—Nine members of the American peace comission have offered their resignations as the result of dissatisfaction with the trems of the German treaty, it was learned today.

Three of the resignations are said to be final. The others have been held in abeyance at the request of the commission.

Prof. A. A. Young, of Cornell University, chief economic expert; Dr. I. Bowman, of New York, head of the territorial intelligence division, and W. C. Bullitt, expert on Russian affairs, are said to have finally withdrawn.

The names of the other six commissioners have not been made public, pending further consideration by the commission. The six are understood to have taken this action as an expression of disapproval of alleged compromises with their principles. They may allow this action to suffice, it was said, and continue in service. The others, however, are unwilling to work longer.

COURT ADMITS LIQUOR

Police Judge Hardison Decides Citizens May Bring it in for Own Use

According to a decision handed down yesterday by Police Judge Robert Hardison, it is no violation of the Reed amendment, the lone dry law so called, to bring into the District of Columbia liquor in reasonable quantities for personal use and not intended for commercial purposes in a private conveyance. Judge Hardison gave this opinion in passing upon the motion of counsel for Emanuel Freeman, charged with violating the bone dry law to dismiss his client on the ground that he was bringing the liquor into Washington in his own machine.

At the time of his arrest, some time ago, Freeman, had in his possession 332 half pints and 8 quart bottles of whisky, 3 quart bottles of Virginia dare wine and 1 quart of blackberry cordial, besides 4 pint bottles and 2 half pints of gin. The evidence in the case showed that Freeman was the owner of the automobile, which he was operating when taken into custody by the police.

PLAN RETURN VOYAGE

Maps Reveal Carefully Plotted Course—West Indies Probable Goal.

Pretassy, N. F., May 20.—Proof positive that a return flight is at least in contemplation by the Navy Department experts is found in the flight maps which reveal a carefully plotted course from Plymouth to Blasket Bay, north of Valentia, on the southwest coast of Ireland.

The fact that the entire squad of aviation mechanics sailed for Plymouth on the Aroostock yesterday to overhaul the seaplanes is considered significant.

Commander Towers admitted before his departure that the method of bringing the seaplanes back home was undecided and others of the flyers intimated that the result of the eastward leap overseas would settle the question.

No naval vessels, so far as known are under orders to transport the planes home and the belief is growing that a return flight will be made. It is thought that Commander Towers on reaching Plymouth will decide the matter after a conference with the naval authorities.

If the return is made by air the homing planes, will not head for Newfoundland on account of the fog but the West Indies may be selected as the first stop, with Rockaway as the terminus.

"TIN PLATE KING" SUES FOR DIVORCE

New York, May 30.—Trailed for 3,000 miles from New York to California, where she is sojourning on a farm in the picturesque valley of Redwood City, back of San Francisco bay, Mrs. Daniel G. Reid, wife of the financier known as the "Tin Plate King," faces an action for divorce.

While the incidents of the long travel are not revealed in Mr. Reid's complaint, which was filed with the supreme court today, it was definitely made known that the financier directed the surveilance of his wife, whom he married under romantic circumstances in Paris almost thirteen years ago.

Named in Mr. Reid's action is Capt. Sampson Tcherneff, a Russian army officer, who is said to have crossed the continent about the same time as Mrs. Reid. Their association both in this city and on Redwood Farms, California, are complained of by Mr. Reid.

U-BOAT DOCKS AT WASHINGTON

Flying the American flag, the German submarine, U-117 arrived in Washington from Norfolk yesterday and docked at the naval militia wharf at the foot of Seventh and O streets southwest Washington.

The U-117 was brought to this country with several other German U-boats that were turned over to the allies at the signing of the armistice to aid in the Victory bond drive.

The U-boat left England on April 3 and arrived in New York twenty-two days later.

It is 275 feet long, and has an 18-foot beam, and is equipped with two 1,200 horse-power engines. Lieut-Comdr. A. G. Digrell, U. S. N., is in command of the U-boat.

WILSON'S PEACE TIME MESSAGE

Presented to All Republican Congress Today

READ IN BOTH HOUSES

Executive Makes Sundry Recommendations—Asks for Constitutional Amendment for Women Suffrage.

President Wilson's peace time message was read today on an all-Republican Congress. It asks:

Repeal or amendment of the war-time prohibition act effective June 30, as affecting beers and wines.

Labor reform to bring about democratization of industry, based upon a full recognition of the rights of those who work to participate in decisions affecting their welfare.

Far-reaching Government assistance to demobilized soldiers.

Foreign trade policies tending to make friends among other nations.

Repeal of excise taxes on various manufactures and taxes on retail sales.

Revision of tariff effecting dyestuffs and related chemicals.

Passage of constitutional amendment extending suffrage to women.

Return of the railroads and wire lines, with legislation to make those utilities uniform and co-ordinated.

The President did not touch on the war and peace question or his work in Paris, except to say that it would be premature to discuss it until he could lay the completed business before Congress.

The President's message was, for the first time since he has taken office, read in both the House and Senate, instead of being delivered in person before a joint session.

BOY KILLS PETS AND SELF

13-Year-Old Youth Dies Rather Than Be Deprived of Rabbits

Baltimore, May 20.—Brooding over his mother's avowed intention to get rid of his two pet rabbits, 13 year old Francis McFarlane shot and killed his pets and himself, according to the police, who are further investigating the case. When the child's body and the dead rabbits were found Sunday night. Acting Coroner Smith decided the death of the boy was accidental, in accordance with the insistent declaration of the parents, but Police Captain Mortimer, dissatisfied with the verdict, has ordered a thorough investigation, believing the boy first killed the rabbits and then himself, The boy's mother found the little fellow dead near his bed with the two rabbits he had carried upstairs only a short time before lying dead beside his body. The pistol belonged to his father.

SEAPLANE NC-4 STARTS FOR LISBON

"Jinx Boat" Leaves Azores for Continental Europe This Morning

HAWKER I S MISSING

British Admiralty Officials Incline to Believe That Bold Aviator Has Fallen Into the Sea and Been Lost.

The naval seaplane NC-4 has started for Lisbon, Portugal.

The "jinx boat," which was the only one of the American flyers to successfully complete the jump from Newfoundland to the Azores, got away for continental Europe at 8.40 Washington time today. It is not known at the Navy Department whether Commander Read will stop at Punta Delgada, the American naval station.

No word has been received from the Sopwith plane in which Harry G Hawker and his navigator, Lieut Commander Mackenzie Grieve attempted to cross the Atlantic.

Latest dispatches from London indicate that admiralty officials believe Hawker has fallen into the sea, and has been lost with his plane.

FOE READY TO ACT UPON TREATY

Paris, May 20.—The German delegation has received its final instructions regarding the treaty, it was believed today.

Foreign Minister Brockdorff-Rantzau returned to Versailles from Spa yesterday with a definite policy, according to reliable information. Just what transpired at the Spa conference is, of course, secret. It seemed certain, however, that the Germans will do one of three things—sign with as little fuss as possible; sign after some of the present delegates have resigned to "save their faces," or refuse to sign at all. The general opinion appears to be that Brockdorff-Rantzau was told to sign.

Most of the allied delegates are now beginning to doubt that the German treaty will be signed before the first of June. Some even believe it is possible the ceremony may not take place before the middle of next month. Brockdorff-Rantzau is expected to hand in voluminous counter proposals Thursday at the expiration of the time limit for such action. In that case the allies would take all the time necessary to refer the communication to a technical commission and subcommission, thus consuming a week and perhaps two. Then another time limit would be set for the Germans' final answer, probably a week. Thus, the optimists say, peace with Germany will be signed between June 5 and 15.

DEATH ONLY FOR KAISER

Wheeling, W. Va., May 20.—Jacob Hilton, sixth man called for jury duty here yesterday in the trial of Homer Whitson, who is charged by the State with having attacked his young niece, declared, when interrogated by Prosecuting Attorney McKee that he was opposed to capital punishment in all cases except that of the Kaiser. He was excused.

SPEAKERS DISCUSS COUNCIL MANAGER

Carroll Pierce and Judge J. T. Goolrich of Fredericksburg Make Addresses

J. R. CATON PRESIDES

Advocate Change in Form of Government—Meting of Fourth Ward Citizens Friday Night.

There was a very interesting and largely attended meeting of the voters of the third ward held last night in the Odd Fellows Hall, North Columbus street.

The meeting was under the auspices of the Citizens' Committee, Jas. R. Caton, chairman, presiding. Various defects of the present system of government and how they would be overcome by an intelligent, responsive business like form of government were taken up and discussed.

Carroll Pierce, vice president and general manager of the Citizens National Bank and president of the Chamber of Commerce, in his address explained that the Chamber of Commerce was an organization composed of a large number of the citizens of Alexandria and it was entirely proper and one of the functions of the Chamber of Commerce to investigate and advocate any matter that affected the general welfare of the city. He stated that the Chamber of Commerce was spending in the neighborhood of $20,000 per year to try to up-build the city of Alexandria and advance the interest of its citizens and that a change in city government was essential to the progress of the city.

Mr. Pierce further stated that every progressive business organization had had to make changes in their methods to meet the changes in conditions, where as the present City government was evolved over a hundred years ago and as a system is more unworkable at the present time than it was a hundred years ago. He further discussed the matter as a business proposition and stated that in his opinion thousands of dollars could be saved by the application of ordinary simple business methods in transacting the city's business. The speaker said that this matter was not a political matter, and if it did not take the city's business out of politics it had no merits; that no member of the Chamber of Commerce had any political aspirations that he knew of and none of them desired any public office.

Judge John T. Goolrick, of Fredericksburg, who is holding court in this city in the absence of Judge Barley, attended this meeting and was called upon by the chairman to tell what the system had done in his city.

Judge Goolrick spoke of his personal knowledge of what the system had done in the cities of Staunton and Fredericksburg, and he stated that they had derived great benefits from the system without increases in taxation; that the people of Fredricksburg would not think of reverting to the old system and that they were enthusiastic over this system that had given them so many tangible benefits.

Judge Goolrick emphasized the fact that this system of government took the city's business absolutely out of politics and absolutely fixed responsibility and recommended the plan to Alexandria if they desired to progress and get full value for money expended.

James R. Caton in his address made a thorough and simple analysis of the whole matter as presented to the people of Alexandria. He stated that he had made an exhaustive study of the subject, believed in it and was ready to fight for it, although he had no political ambitions and no desire to fill any city office.

The speaker said that the matter was a simple one and if the system advocated would not stand the light of day and its merits were not plainly evident, that the citizens should not vote for it. In a very emphatic manner he stated that a change in methods was necessary and he hoped that some advocate of the present system would consent to meet him publicly on the rostrum and debate the matter with him; that if the opponents of the change have any logical reason for their opposition they should be willing to let the public hear them discussed.

Each of the speakers emphasized the fact that co-ordination and lack of co-operation of the different departments did not let the present system function for the best interests of the community and that in this day and time a responsible head was necessary in every organization and while they made no criticism of the city council or of the city officials they did strongly criticize the bungalesome, unworkable system in which responsibility was not fixed and division of authority was very indefinite.

The meeting was thrown open for an open discussion of the matter.

The next meeting planned by the Citizens' Committee will be held in the fourth ward at the Young People's Building next Friday night.

BISHOP GREER DIES

During St. Bartholomew Pastorate He Built up Greatest Church Plant in America.

New York, May 20.—The Right Rev. David H. Greer, Protestant Episcopal bishop of New York, died in a hospital here at 6.10 o'clock last night.

Bishop Greer was operated upon for intestinal trouble a week ago and his condition had improved steadily until this morning when his physicians reported that he had suffered a relapse.

At first the relapse was not considered critical, but the patient continued to fail and this afternoon it became apparent that he could not live. He sank into a coma about an hour before his death and did not regain consciousness.

Bishop Greer's health had been poor for several months, but despite his advanced age—he was seventy-five years old—his condition had at no time been considered dangerous.

He is survived by a widow and daughter and by tow sons, Laurence Greer and William Greer.

Bishop Greer was born at Wheeling, W. Va., March 20, 144. His father and mother were church people, and his grandfather was a clergyman of the Church of England, serving for many years in Wheeling.

As an author Bishop Greer contributed several books on religious topics, among which was "The History Christ," "From Things to God." "The Preacher and His Place" and "Visions."

CADET OUSTED

Kansas Midshipman Forced to Resign During Senior Year

Annapolis, Md., May 20.—With his diploma of graduation from the Naval Academy within reach, Midshipman Daniel C. Wilkerson, of Kansas, a prominent member of the first class, has been forced to resign the service, it became known yesterday.

The case of Wilkerson was the subject of one of the most exhaustive investigations of any midshipman in a long time, covering several weeks, but the recommendations of Rear Admiral A. H. Scales, superintendent, finally went forward and, it is said, they received the approval of the Navy Department.

It was charged Wilkerson, in a class test, carried a book, containing certain formulas into the class room, in direct disobedience of the academy regulations.

Wilkerson was the editor in chief of "Log" the official weekly publication of the midshipmen.

Many midshipman will be listed among those deficient in scholastic work for the academic year now nearing a close, according to information learned today. The final tests upon which the merit rolls will be based, will be completed next week.

$100,000 PRIZE FLIERS

Purses for Which Hawker And Grieve Competed Constitute

The Atlantic flight was for a prize of $50,000, offered by the Daily Mail, for the first air flight from coast to coast without stopping, and an additional premium of $15,000, offered by the Sopwith Company. Other prizes will bring the total amount up to about $100,000.

Lieut. Commander Mackenzie Grieve, navigator of the Sopwith plane, was in the British naval service during the war. He has made many flights with Hawker, and is regarded as a skillful airman.

During the last three years, Hawker's income as a test pilot for the Sopwith firm at Brooklands has been estimated at about $100,000 a year.

He is married and has one daughter about 7 months old. Hawker was born in Australia. He has been a flier for about ten years.

LACK OF PERSONAL TOUCH

The prevalence of strikes which cause so much trouble in this day is attributed by some to the lack of personal touch between those operating plants and their employees. In the olden time the employers and employees mingled, and there was little disposition upon the part of either to ring about dissatisfaction. There were, of course, frictions at times, but general walkouts were not generally in evidence.

The world is conducted upon different lines at present. A plant in Montana may be conducted by a firm or company the main office of which is in New York.

In the good old ante bellum days in Alexandria strikes were exceeding rare. At that time employers and employees often worked side by side. We can recall a shipyard where forty or fifty men were employed. The lessees of the plant labored with the men they employed. Another plant which for many years conducted a prosperous business in our city was seldom troubled with strikes, for the reason, probably, that the owners generally worked and mingled with their men.

The Gazette during its career of a century and a half has had but few labor troubles to deal with. The fact that its owners during a hundred years worked with their employees may be assigned as the reason. We recall but two general strikes on this paper during all that period.

A writer in Leslie's in this connection says:

"In a conversation which I had recently with Joseph Harriman, he said he believed that the lack of personal touch accounted for much of the discontent in our present industrial life. In the old days, Mr. Harriman said, the toilers were not working for an impersonal corporation, they were working for the old man. There was a family attachment that endeared the employer and the employe to one another. Then they would not think of labor wars. But now with a cold impersonal organization, they had no compunctions in calling a strike.

THE HAND OF FATE

Scarcely a day passes without newspapers in the larger cities noting the killing of some small boy, white or colored, by an automoile. Such accidents are common, and in the majority of cases the little ones are declared to have been in fault by running thoughtlessly in front of oncoming cars. In most cases it requires but a few lines to tell the sad story.

Eight-year-old Vinson McLean, with a hundred million dollars to his credit, was the latest victim of an automobile. He was struck Sunday near his home in Washington and his death followed.

The souls of vast multitudes, virtually all who read newspapers, go out in sympathy for the parents and other relatives of the ill-starred youngster. Notwithstanding his many attendants, all supposed to be exercising the closest surveilance over him, he was suddenly called to pass into the other world on a road which many other youngsters with no fortunes or family names have been forced to take.

From the moment of Vinson's birth the baby was surrounded with the richest luxuries money could purchase.

At Bar Harbor, in 1911, kidnapers, with an eye for a fat ransom, made an attempt to obtain possession of the child, but did not succeed. This incident caused his parents to hire a bodyguard of detectives to protect the child from future like adventures. Whenever he went for a drive detectives sat on the box of the carriage or in the automobile, and other detectives followed the equipage on bicycles. When he walked with his nurses detectives were always in trail. He traveled more in the manner of a prince than the son of an American.

The "hundred-million-dollar baby" had five nurses at one time, each of a different nationality.

One of the trappings with which Vinson was surrounded was a $40,000 gold crib, a gift to him from King Leopold of Belgium. At Christmas in 1913 his parents gave a party for him that cost nearly $50,000.

As a contemporary says, "the pathos of this boy's life was, after all, greather than the pathos of his death. He was no ta Prince Fortunate, but a Prince Unfortunate. He was cursed by immense wealth from his birth. He was not born free and equal like poor boys of moderate means. He was the slave of his prospective millions. In such an environment, had he lived, into what would his life have developed? Perhaps fate was kind to him in saving him from the effects of a mistaken system of education. Money is not always a blessing. The millionaire may be as miserable as the moneyless, as poor as the pauper. The McLeans are not the only people who have made serious mistakes in child training. In point of fact there are few parents who have not, few who understand the most important business in the world."

DEBT TO SALVATION ARMY

All Virginia has begun the paying of its debt to the Salvation Army. Reports received from various sections of the State late last night showed that more than $60,000 of the $500,000 quota had been subscribed to the home service fund, by means of which the organization is to continue and extend its work in this State on the same plane as that in war. These reports were from but the cities in the State, including but few of the counties.

The United States Army demobilizes, but the Salvation Army goes on forever, as long as there ar suffering and want and woe in the world, orphans to be sheltered, the fallen to be raised, and manhood to be made over. The members in fact enlist for life. The Salvation Army is local, and yet not local, for it fights the battle of life for the poor, the helpless, and the unfortunate "in sixty-three countries and colonies in all parts of the earth," and in forty tongues it preaches the gospel of humanity.

SEAPLANES LOCATED

Tars Missin on Ocean, Arrive in Port Under Own Power

Horta, Azores, May 20.—All three of the American seaplanes are now accounted for.

NC-3, the missing flagship of the squadron, came into the harbor of Punta Delgado yesterday afternoon under her own power, after having been sixty-seven hours and fifty minutes at sea.

Commander Towers and his crew were in good condition, but fagged out by lack of rest and also in need of food, because the three planes had carried rations for only one day.

Unfavorable weather prevented Lieut. Com. Read from making the "hop off" for Punta Delgado yesterday morning to take on oil and fuel for the flight to Lisbon, but it was announced that a start would be made at 7 o'clock yesterday morning, if weather conditions permit.

HAWKER'S BIPLANE FOUND

Daring Australian Was Within 40 Miles of Goal When Disaster Came

London, May 20.—The British Admiralty has received a wireless message that Hawker's machine had been found in the sea 40 miles off Loop Head at the mouth of the River Shannon. It is not stated whether Hawker was found." The Admiralty statement adds that Hawker's machine had been picked up.

It is reported that Hawker is missing. A dispatch from Londonderry reporting Hawker as missing says destroyers have been ordered to sea to search for him.

The British Government at 9:15 o'clock yesterday evening had no information concerning the fate of Aviator Hawker, according to a statement made in the House of Commons by Lieut.-Col. Leslie Orme Wilson on behalf of the Government.

A wireless dispatch to the Admiralty from the Castletown station says:

"Sopwith machine down in latitude 52.30 north longitude 11 west, which is about 40 miles west of the mouth of the Shannon."

WOUNDED BY COUSIN

Green County, Va., Youth Said to Have Been Shot in Quarrel

Harrisonburg, Va., May 20.—Greene county was the scene of another tragedy Sunday, this time on Saddleback mountain, when 16-year-old Howard Dean, son of Frank Dean, was mortally wounded by a bullet from a gun alleged to have been fired by his cousin, Elijah Dean, son of Tom Dean.

It was stated that the boys were drinking, and that Elijah, who is but 17 years old, became angry at his cousin, pulling his gun. The bullet lodged in Frank's stomach. The physician who was summoned declared the boy was so badly injured that it would be useless to remove him to a hospital, as he would probably die while on the way.

ITALY DENIES FLAG REPORT

American Colors Not Torn Down At Milan

Washington, May 20.—American Red Cross headquarters announced yesterday the receipt of the following cable from Rome:

"The report published in America of the United States flag being torn down and trampled upon at American Red Cross headquarters in Milan is absolutely without foundation, nor has any unpleasant incident of any kind occurred to any of our organizations. The Italian Government and the Italian people have shown increased courtesy and appreciation of the American Red Cross in Italy."

To the Voters of the City of Alexandria:

The City Democratic Committee urgently requests all citizens who have the right of suffrage to cast their ballots on Tuesday, May 27, 1919, for the Hon. R. Walton Moore, of Fairfax County, for the Congress of the United States.

He is the nominee of the Democratic Party, and should receive the cordial support of all loyal democrats. A better equipped candidate could not have been selected for the standard bearer of the party. His brilliant mental attainments and lofty traits of character pre-eminently qualify him for the position. If elected, he will discharge his official duties with singular ability, and his constituents will have a representative of whom they can feel justly proud. In order to maintain the present state of prosperity prevalent in the city and district, it is of the utmost importance that the people should have a representative in the National Congress whose capabilities will command influence and respect. It will be impossible to accomplish his defeat if those who have the right of suffrage perform this important civic duty.

Respectfully,
City Democratic Committee,
By Charles Benrheim, chairman.

BERGER REFUSED SEAT

Speaker Gillett Declines to Administer Oath to Socialist Congressman-Elect

When the name of Victor Berger of Wisconsin was called in the House yesterday as new members were sworn in, Representative Dallinger, of Massachusetts, Republican chairman of the elections committee, according to pre arranged plan, formally challenged his right to be stated. Berger is appealing from a war time conviction of the Espionage law.

Speaker Gillett directed Berger to stand aside when he appeared with his state delegation for the oath and refused to recognize him when he tried to speak as a matter of personal privilege.

Some applause greeted Representative Dallinger's challenge, but it was silenced by Speaker Gillett.

A resolution for the appointment of a committee of nine members to consider the case was adopted unanimously and the speaker designated the election's committee, headed by Mr. Dallinger to hear the case.

FIND MUTILATED CORPSE

18 Stab Wounds in Body of Unknown Found in Bushes.

Suffield. Conn., May 20.—The body of an unidentified man was found late yesterday in some bushes in the eastern part of this town. There were 18 stab wounds in the body. Medical Examiner W. H. Caldwell viewed the body and found two gold rings, one with the initials "P. P." and also a gold locket. The man's pockets were turned inside out. He wore a black suit and a short overcoat and apparently was about 38 years old.

Jesse Coons, who lives near the place where the body was found, told the police that he saw six men, one of whom was the murdered man, pass his house at 9 o'clock Sunday night.

PALE FACED WOMEN TAKE PHOSPHATES TO MAKE ROSY CHEEKS AND BEAUTIFUL FORMS

Men Need Phosphates to Make Strong, Healthy, Vigorous Bodies

Atheletes increase their strength, energy and endurance 200 per cent or more by simply taking a few weeks treatment of Argo-Phosphate

Atlanta, Ga.—Dr. F. A. Jacobson says that Phosphates are just as essential to any man or woman who tires easily, is nervous, or irritable, worn out, or looks haggard and pale to make a strong, robust, vigorous healthy body, as they are to cotton to make it grow. The lack of Phosphates is the cause of all anemic conditions and the administration of 5-grain Argo-Phosphate tablets will increase the strength and endurance of weak, nervous, care worn men and women 300 per cent. in two or three weeks time in many instances, and their continued use will build up the whole nervous system, and give new life, vim vigor, and vitality to the whole body. I always prescribe Argo-Phosphate to patents who are pale and colorless, and it is surprising to see how quickly a few weeks treatment will transform a pale face to a rosy cheeked beauty.

There can be no rosy cheeked, healthy beautiful women, without their system is sufficiently supplied with Phosphates. In recent interviews with physicians on the grave and serious consequence of a deficiency of Phosphates in the blood of American men and women. I have strongly emphasized the fact that doctors should prescribe more phosphates in the form of Argo-Phosphate for weak worn out, haggard looking me nand women. When the skin is pale, and flesh flabby, it is a sign of anemia. When the phosphates go from the blood, the pink cheeks go too. The muscles lack tone. They become nervous, irritable, despondent, melancholy, the brain fags, and the memory fails. Therefore if you wish to preserve your youthful vim, vigor and vitality, to a ripe old age, you must supply the deficiency of Phosphates lacking in your food by using Argo-Phosphate, the form of Phosphates recommended and prescribed by physi most easily assimilated.

NOTICE—Argo-Phosphate which is recommended and prescribed by physicians in all anemic cases, is not a secret or patent medicine, but one that is sold and recommended by well known druggists everywhere, and physicians are daily prescribing the constituents contained in it. Being entirely unlike many other Phosphates, it is easily assimilated and will be found effective in the treatment of indigestion and stomach troubles, as well as for care worn, nervous conditions. The manufacturers of Argo-Phosphate will forfeit to any charitable institution $200, if they cannot treat any man or woman under 65 who lacks Phosphates, and increase their strength and endurance from 100 per cent. to 300 per cent, or more in one month's time, if they are free from organic trouble. It is dispensed by Richard Gibson and The Rexall Store. Free sample mailed by the Argo Laboratories, Atlanta, Ga.

COAL. LUMBER AND BUILDING MATERIALS

W. A. SMOOT & CO. INC.

Your Next Winter's Coal

We do not know what the price of coal will be next Fall and Winter, as the retail price is governed by the price at the mines and the freight.

Our understanding of the present program is that Anthracite coal will advance ten cents a ton a month from May 1st to September 1st, and although we think this program will probably be carried out yet we are not sure of this.

We do know that THE MINES CANNOT PRODUCE, THE RAILROADS CANNOT HAUL AND THE DEALERS CANNOT HANDLE nearly enough coal during the Fall and Winter months to take care of an ordinary Winter's demand.

This means that coal will have to be mined, transported and delivered during the Spring and Summer to avoid a serious shortage next Fall and Winter.

We advise our customers to take these facts into consideration and order a reasonable supply of coal now.

Head of German Peace Mission Returns to Renew Negotiations

Versailles, May 20.—Count von Brockdorff-Rantzau, head of the German peace mission, who left for Spa on Saturday night, returned to Versailles yesterday morning. He was accompanied by Herr Landsberg and Herr Giesberts, two other members of the delegation, who had been in Berlin.

With the plenipotentiaries were General von Secht, military expert, and about 40 other persons.

A number of additional naval and military experts also came to Versailles with the returning party. It is understood that the German delegation will reassemble during the day to perfect counter-proposals to the Allied terms, details of which were discussed with representatives of the Berlin Government at Spa.

The return of the head of the German delegation was without ceremony. The party left the train at Noisy-Le-Roi and came by automobile to Versailles.

Count von Brockdorff-Rantzau apparently was in the best of humor. He thanked the French officers for the excellent manner in which his trip to Spa had been arranged on such short notice, saying that everything worker perfectly.

The impression prevailed in Peace Conference circles yesterday that the peace treaty with Austria would not be presented during the current week. The drafting of the document is taking longer than was anticipated.

GERMANY REFUSES TO MOURN

Paris, May 20.—The week of mourning in Germany, decreed by the Government because of the terms of the peace treaty appears to have met with little sucess. The German musicians, in particular, seem to be resentful over the order as a measure which prevented them from earning their daily bread, while the Taeglische Rundschau and the Berlin Tageblatt admit that the mourning was far from being completely effective.

Reports are that nearly all the music halls remained open and that in some places the people danced all night. One bit of pungent comment comes from the Volksblatt of Halle, which says:

"It is not now, but on August 1 1914, that general mourning should have been ordered in Germany."

DANVILLE JURISTS DIES

Danville, Va., May 20.—Judge Richard Warner Peatross, widely known attorney and for six years judge of the Corporation Court of Danville, died here yesterday after a lingering illness. Judge Peatross was eighty years old and was a prominent Methodist layman.

Corns Peel Off Painlessly

There's Only One Genuine Corn-Peeler—That's "Gets-It."

There's only one happy way to get rid of any corn or callus, and that's the painless-peel-off way. "Gets-It" is the only corn remedy in

the world that does it that way—effectively, thoroughly. Why get down on the floor, tie yourself up into a knot, and have to fool with "package" plasters, greasy ointments that rub off, sticky tape, and digging knives and scissors, when you can peel off your corn or callus in one complete piece, peacefully and surely, with magic, simple, easy "Gets-It"? It takes 2 or 3 seconds to apply "Gets-It", you use 2 or 3 drops, and that's all. "Gets-It" does the rest! Get rid of that corn-pain at once, so that you can work and play without corn torture. Be sure to use "Gets-It." It never fails.

"Gets-It," the guaranteed, money-back corn-remover, the only sure way, costs but a trifle at any druggists. M'f'd by E. Lawrence & Co., Chicago, Ill.

"2 drops of 'Gets-It'—Corn is doomed."

GRAND THEATRE

Gladys Leslie is seen in a strong and appealing role as Nancy in "The Mating," the Vitagraph Blue Ribbon Feature, which will be the attraction in the Grand Theatre tonight. She charmed millions as the Irish lassie in "His Own People," and "The Little Runaway," and as the mountain girl in "The Nymph of the Foothills." She is even more fascinating in "The Mating" as the brave little girl who supports her motherless sisters and brothers, looking forward to the day whn she can sell an invention her father left and which she hopes will put them beyond want.

Also a comedy will be shown.

GETS PERMANENT DECREE

International Service Enjoined From Using Associated Press News

New York, May 20.—The suit brought by the Associated Press against the International News Service in the United States District Court came up on the calendar yesterday and a decree was entered for the complainant.

This suit was instituted by the Associated Press to restrain the international News Service from taking the news of the Associated Press from its members or newspapers published by them, and using or selling the same. A preliminary injunction was granted by Judge Augustus N. Hand, of the United States District Court, July 7, 1917, which has recently been sustained by the Supreme Court of the United States. In view of this decision the International News Service did not press its defense but consented to the entry of the final decree, which grants a perpetual injunction in the same terms as the preliminary injunction.

The final decree perpetually enjoins the International News Service, its officers, employes and agents from taking, appropriating or selling any news received from or gathered by the Associated Press or their employes or from any bulletins issued or newspapers published by such members.

CASE OF FIUME

Council of Four May Internationalize Adriatic Port

Paris, May 20.—The Council of Four met yesterday morning. The German note on the status of the German religious missions and further details of Bulgarian and Turkish affairs were to be considered at the meeting.

It is asserted by the newspapers that the Council of Four will decide to internationalize the city of Fiume because no other arrangement could be accepted by both Italy and Jugo-Slavia.

The Council of Foreign Ministers of the Peace Conference, all the members again present now that Secretary of State Lansing is back from his trip to England, met yesterday afternoon and considered the claims of Belgium as affecting Holland.

The claims were presented in the presence of representatives of both countries. Stephen Pichon, the French Foreign Minister, read the report of the Peace Conference commission which had examined into the subject. This report was wrolly favorable to the Belgian claims, the most important of which was in regard to the river Scheldt. The second claim touched upon was that for the Maestricht salient, which for military reasons Belgium claims should form part of her territory or that she should have effective control over it.

NEW HEAD FOR WAR RISK

Col. R. A. Cholmeley-Jones is Appointed to Succeed Lindsley

The War Risk Insurance Bureau, through which 4,000,000 soldiers or their dependents receive payments of insurance, allotments or compensation, was in process of sudden reorganization yesterday through the appointment of R. A. Cholmeley-Jones, formerly a New York business man, now a colonel in the bureau's section in France, as director to succeed Col. Henry D. Lindsley who resigned yesterday in a clash with Secretary Glass in which he charged the Treasury Department with placing restraints on the organization which were making it a "colossal failure."

Secretary Glass in a public statement made a vigorous reply to Colonel Lindsley's charges and the changes are said to forecast a thorough shakeup of the big bureau which bears a closer home relation to the soldiers than any other agency of the Government.

Clouds of charges have been hovering over the bureau for months and Congressional investigation is expected.

TWO AVIATORS DROWN

Their Naval Plane Drops Into Sea At Chatham, Mass.

Chatham, Mass., May 20.—Lieut. Charles L. Ostridge, of Watertown, Mass., and Quartermaster Herbert Hartenstine, of Reading, Pa., were drowned yesterday when a naval seaplane fell into the ocean off Orleans. Members of the Orleans coast guard and a rescue party from the air station here made unsuccessful efforts to resuscitate Hartenstine, whose body was first recovered. Ensign Everett P. Welsh, the third member of the seaplane crew, was rescued by another machine.

DEATH IF THEY DON'T SIGN

Versailles, May 20.—A member of the German delegation with the rank of councilor of legation, who returned here recently from Berlin, made this declaration today concerning the peace treaty:

"We will sign despite all, because we will be hacked to pieces if we return to Berlin without signing."

"CAN I BE CURED?" SAYS THE SUFFERER

How often have you heard that sad cry from the victims of disease. Perhaps the disorder has gone too far for help, but oftener it is just in its first stages and the pains and aches are only nature's first cries for help. Do not despair. Find out the cause and give nature all the help you can and she will repay you with health. Look after the kidneys. The kidneys are the most overworked organs of the human body, and when they fail in their work of filtering and throwing off the poison that constantly accumulates in the system, everything goes wrong. GOLD MEDAL Haarlem Oil Capsules will give almost immediate relief from kidney and bladder troubles and their kindred ailments. They will free your body from pain in short order. But be sure to get GOLD MEDAL. Look for the name on every box. In three sizes, sealed packages. Money refunded if they do not help you.
